

Alastair Bell

Managing Director, Applied Systems Ireland

Alastair Bell, Managing Director, Applied Systems Ireland, is responsible for the technical and strategic direction of the company's Irish operations. He joined Applied Systems in August 2016 following the acquisition of Relay Software. With 29 years of experience in the insurance software industry, Bell joined Relay in 1987 and became managing director in 1999. Proud of the company's success to date, Bell is looking forward to leading the company through its next stages of growth.
