

Caroline Schweppe

Vice President of Insurer Solutions

Caroline Schweppe, Vice President of Insurer Solutions, leads the insurer sales team in the Canadian market space. Schweppe joined Applied in 2013 with more than 20 years of experience working with IT firms in the Canadian and U.S. insurance industry. She formerly served as vice president of business development at ClearRisk Inc., a provider of risk management solutions to insurers, insurance brokers and professional risk managers. Prior to ClearRisk Inc., Schweppe held a number of business development and advisory roles at CGI, Insurers Advisory Organization (IAO) and Bank of Montreal. Schweppe holds a bachelor's degree from the University of Dublin and has a diploma in Canadian Risk Management from the University of Toronto.
