

Integrate payment options with Applied Relay™

Applied Relay, the product of choice for Ireland's general insurance brokers, developed a functionality to integrate premium finance at Point of Sale.

Applied Relay offers a variety of seamless options for you to collect customer payments. You can instantly collect payment through debit/credit cards or setup installment plans. To ensure accuracy, card and bank account details are validated using modulus checking. The Payments module automatically updates the client account posting the payments received. Receipts and supporting documentation are generated and saved within the client portfolio.

Applied Relay Broker Finance provides your business with:

- Real-time payment plans displayed at the point of sale.
- Automated, pre-populated PDF-based documentation.
- Extensive real-time integrated reporting functionality.
- A secure solution using fully encrypted messages.

Enables your business to

- Instantly collect payment
- Setup payment plans for all lines of business
- Deliver more timely customer service

Why Applied?

Applied Systems is the leading global provider of cloud-based software that powers the business of insurance.

Recognised as a pioneer in insurance automation and the innovation leader, Applied is the world's largest provider of agency and brokerage management systems, serving customers throughout the United States, Canada, the Republic of Ireland, and the United Kingdom.
