

# Epic Quotes Commercial Lines: Producer Codes Configuration Formats

Our carrier partners require your agency producer codes to link your submissions from Epic Quotes Commercial Lines to their portal. The following table gives an overview of each carrier’s requirements to successfully activate your codes in Epic Quotes Commercial Lines.

| Carrier           | Carrier Requirement for Activation   | Producer Code Format   |
|-------------------|--|--|
| Accident Fund     | Email <a href="mailto:support@appliedsystems.com">support@appliedsystems.com</a> to request code verification. | AF followed by five digits<br>Example: AF12345   |
| Acuity            | Email <a href="mailto:support@appliedsystems.com">support@appliedsystems.com</a> to request code verification. | Four digits<br>Example: 2345   |
| AmTrust           | Email <a href="mailto:support@appliedsystems.com">support@appliedsystems.com</a> to request code verification. | N/A. Agent must enter credentials on the <i>Username &amp; Passwords</i> tab of Commercial Quotes Setup.   |
| Andover           | N/A  | Four digit code followed by -9999<br>Example: 1234-9999  |
| Central Insurance | Email <a href="mailto:support@appliedsystems.com">support@appliedsystems.com</a> to request code verification. | Codes typically come in the following format: <b>EPIC-MA01</b> .<br>Remove everything before the hyphen when entering the code in Epic Quotes Commercial Lines. The remaining code must be five characters, however. You will need to add a <b>0, 4, 6, or 8</b> to the beginning of the code, depending on your agency’s region.<br><ul style="list-style-type: none"> <li>• 0 = Central Regional Office</li> <li>• 4 = Northeast Regional Office</li> <li>• 6 = Southeast Regional Office</li> <li>• 8 = Southwest Regional Office</li> </ul> For example, the original code provided by the agency would display as <b>MA01</b> , but for an agency in the Southeast Regional office, you would add a 6, making the code <b>6MA01</b> . |

| Carrier                | Carrier Requirement for Activation   | Producer Code Format  |
|------------------------|--|---|
